
Introduced by Senator Dutton

February 19, 2010

An act to amend Section 395 of the Fish and Game Code, relating to falconry.

LEGISLATIVE COUNSEL'S DIGEST

SB 1332, as introduced, Dutton. Birds-of-prey.

Existing law authorizes the Fish and Game Commission to adopt regulations for the possession or training, and the capture, importation, exportation, or intrastate transfer, of birds in the orders Falconiformes and Strigiformes (birds-of-prey) used in the practice of falconry. Existing law authorizes the commission to authorize the issuance and provide for the revocation of licenses and permits to persons for the practice of falconry.

This bill would make technical, nonsubstantive changes to those provisions.
